

# Cihangir Bozdogan

London

[bozdogan.cihangir@gmail.com](mailto:bozdogan.cihangir@gmail.com)

+44 7342759900

Another web developer, based in London. Nowadays I'm mostly focused on development but I like to design and explore new visual trends. 7 years of experience in programming and over 9 years experience in print and digital graphic design. I have theoretical knowledge as well as hands-on practical experience of developing designs for fully interactive and responsive websites.

## Work Experience

---

### **Cofounder**

Monitorables

January 2021 to Present

Monitorables is an online market research store aiming specifically at e-commerce industry. I involved marketing and handling the business side of the things as well as maintaining the website.

### **Web Developer**

Social Swag Digital Agency - London

June 2015 to October 2020

Social Swag is a digital marketing company which focuses on creating content for the web. My duty was maintaining their custom built content management platform. Building new features, fixing bugs, improving the codebase. Often I would design and code banners and landing pages for their old clients.

Technologies (After 2018): Firebase, TypeScript, React, Sass, Git, Github, Figma.

Technologies (Before 2018): Laravel, Vue, Mysql, Sass, Git, Github, Figma.

### **Web Developer**

Salon Guru - London

January 2015 to February 2016

Building websites, landing pages, html emails, creating social media posts, banners and handling graphic design work.

Technologies: Html, Css, Javascript, JQuery, Wordpress, MySql, Cpanel, Photoshop, Illustrator, MailChimp.

### **Web Developer**

Master Legal Services - London

November 2014 to June 2015

Maintaining company's Wordpress website, social media, Google analytics, email marketing, SEO and graphic design.

Technologies: Html, Css, Javascript, JQuery, Wordpress, Cpanel, Photoshop, Illustrator.

## Education

---

### **Bachelor's in computer drafting and design**

European University of Lefke - Lefke

July 2011 to September 2013
